

Postdoctoral Research Scholar Training Position Arizona State University Research Training in Substance Use Prevention: Closing the Research-Practice Gap

Arizona State University's Department of Psychology and REACH Institute in The College of Liberal Arts and Sciences and College of Health Solutions invite applications for a NIDA-funded T32 Postdoctoral Fellowship focused on closing the research-practice gap in substance use prevention.

Training is delivered through individually-tailored programs of coursework in drug abuse and implementation science and mentored research experience. Trainees select multiple mentors from a large and multidisciplinary faculty whose work informs the implementation of preventive interventions with children, youth, and families in settings such as schools, healthcare, community behavioral health, and family courts, as well as eHealth interventions. Emphases include implementation science for the adoption and sustainability of preventive interventions in regular service delivery settings, interventions for culturally diverse populations, and advanced quantitative research methods in prevention science.

The program is particularly interested in applicants with the potential to bring to their research careers the critical perspective that comes from their understanding of the experiences of groups historically underrepresented in research and higher education.

Training is for a two-year period, with the potential for a third year on a case-by-case basis. The positions are full-time, fiscal-year (12-month), benefits-eligible appointments with no tenure implications. For more information regarding benefits, visit

- https://grants.nih.gov/grants/policy/nihgps/html5/section_11/11.3.8_allowable_and_unallowable_costs.htm
- https://grants.nih.gov/grants/policy/nihgps/html5/section_11/11.3.16_other_terms_and_conditions.htm.

For further information, visit <https://psychology.clas.asu.edu/content/research-training-primary-prevention-t32>.

Flexible start date between July 1, 2022 and June 30, 2023. Complete applications can be submitted after the initial application deadline and will be reviewed on a rolling basis until the positions are filled.

The qualifications for the positions: must have earned a PhD (within the last 5 years or anticipated by the beginning of the appointment) in a field relevant to substance use prevention and/or implementation science and must be a US citizen or permanent resident.

Interested candidates should submit the following as pdf(s) through Interfolio at <http://apply.interfolio.com/104658>:

1. curriculum vita

2. statement of research and training goals including past and/or potential contributions to diversity and inclusion
3. three letters of recommendation to be uploaded by your recommenders to Interfolio directly

Initial review of complete applications will begin on April 21, 2022; if not filled, review will continue every week thereafter until the search is closed.

Inquiries concerning the training program should be addressed to: Dr. Laurie Chassin at laurie.chassin@asu.edu. Be sure to include "T32 Postdoctoral training program" in the subject line when sending emails.

Arizona State University is located in the Phoenix metropolitan area and offers all of the amenities of a large urban/winter resort area. Learn more about the Department of Psychology by viewing <https://psychology.asu.edu/> and about what The College of Liberal Arts and Sciences and the College of Health Solutions have to offer by viewing <https://thecollege.asu.edu/faculty> and <https://chs.asu.edu/>. Arizona State University values our cultural and intellectual diversity, and continually strives to foster a welcoming and inclusive environment. We are especially interested in applicants who can strengthen the diversity of the academic community.

A background check is required for employment. Arizona State University is a VEVRAA Federal Contractor and an Equal Opportunity/Affirmative Action Employer.
