Use Your Powers For Good

The American Cancer Society is a united force against all cancers. We fight for every life threatened by every cancer in every community. We’re on a mission to save lives, celebrate lives, and lead the fight for a world against cancer.

From research to education, prevention to diagnosis, and treatment to recovery, we provide support to everyone impacted by cancer. But we can’t do it alone. We need you as interns and volunteers to help us lead the fight for a world without cancer.

If you are interested in volunteering or participating in a Spring Internship for PSY 484 Credit, please contact:

Diane Petagna, Community Development Manager
