

# OSCILLATORY BRAIN DYNAMICS CONFERENCE

DEPARTMENT OF PSYCHOLOGY

8:30AM – 3:00PM  
SATURDAY MAY 7 2016  
PSYCHOLOGY BLDG ROOM 230

“MANY FACETS OF RHYTHMIC LIGHT STIMULATION”

## Rasa Gulbinaite, PhD

Postdoctoral Researcher  
Centre de Recherche Cerveau & Cognition  
Université Toulouse III - Paul Sabatier, France

“THE BALANCE OF EXCITATION AND INHIBITION IN COGNITIVE NETWORKS”

## Bradley Voytek, PhD

Assistant Professor  
Computational Cognitive Science and Neuroscience  
University of California at San Diego

“MIDFRONTAL THETA OSCILLATIONS ARE A KEY LINK BETWEEN COGNITIVE CONTROL AND THE BRAIN”

## Mike X. Cohen, PhD

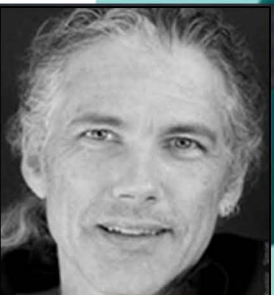

Staff Scientist  
Netherlands Institute for Neuroscience

“TO MINE OR TO MIND: A PRIMAL VIEW ON THE SPATIOTEMPORAL DYNAMICS OF NEURAL OSCILLATIONS”

## Emmanuelle Tognoli, PhD

Research Associate Professor  
Center for Complex Systems & Brain Sciences  
Florida Atlantic University

“RESTING STATE BRAIN ACTIVITY AND RISK FOR DEPRESSION”

## John J.B. Allen, PhD

Distinguished Professor of Clinical Psychology, Cognitive Science,  
& Neuroscience, Department of Psychology  
University of Arizona
